

## 5,4,3,2,1 Performance

---

This putting game is designed to test your patience, and your ability to hole out when it counts.

To start the game place 5 tees around the hole approximately 1 alignment stick away from the hole or 3ft. The goal is to hole all 5 without missing. If you miss start again.

If you complete all 5 then move the tees back a further alignment stick away from the hole (or 3ft) and repeat. This time you must hole 4 out of the 5 putts to move on. If you miss 2 then start level 2 again.

Level 3 will be 3 alignment sticks (9ft) from the hole and you must hole 3 out of 5 to move on.

Level 4 will be 4 alignment sticks and 2 out of 5 to move on.

Level 5 will be 5 alignment sticks and 1 out of 5 to complete the game

---

Your score will be the length of time it takes you to complete all 5 levels
