

### SHORT GAME

The Spieth test provides a great benchmark to test your short game execution. As part of this test you will play:

3 x Green side chip shots

4 x Distance pitch shots (25 yards - 50 yards)

3 x Green side bunker shots

### SCORE

Your score will be counted based on your distance (In Feet) from the hole for each shot.

If you miss the green you will get a score of 50ft for that hole.

If you hole a shot you will remove 10ft from your total.
