

# WEAPONS CHECK

## Performance

---

You will need to choose 3 fairways on the range, 1 must be wide, 1 medium and 1 narrow. Each fairway you must hit 3 times with 3 different clubs. Use your driver, 3 wood and next longest club in the bag.

The easy version is simply “How many shots does it take you to complete all 9 shots” or the difficult version is “Can you do all 9 shots in a row”

---

Easy - Count how many attempts it takes you to complete all 9 shots

Difficult - How much time does it take you to hit 9 in a row
